

SUMMARY

.NET Developer with **1.6 years** of experience as a Intern at **Mahaniya Technology Solutions** . Proficient in building scalable applications using **.NET Core, C#, ASP.NET MVC, ASP.NET WEBFORMS, and ADO.NET**. Skilled in creating responsive user interfaces with **HTML, CSS, JavaScript, jQuery, and Bootstrap**. Expertise includes working with SQL Server for database design and optimization. Experienced in implementing modular architectures, performing **CRUD operations, and integrating APIs**. Collaborated with teams to deliver efficient and user-friendly healthcare solutions

EDUCATION

- B.Sc CS

Seth Kesrimal Porwal College Kamptee.
Jul 19 – May 22
- XII

M.M. Rabbani Junior College, Kamptee.
2019
- X

M.M. Rabbani High School, Kamptee.
2017

SKILLS

- HTML5
 - CSS3
 - JavaScript (+ES6)
 - jQuery
 - Bootstrap

- ASP.NET WEB
 - ASP.NET MVC
 - ADO.NET
 - .NET CORE
 - WEB API

LANGUAGE

- English
- Hindi
- Marathi
- Urdu
- Bhojpuri

WORK EXPERIENCE

- .Net Developer

Oct 2024 - Apr 2026

Mahaniya Technology
Solutions

- Worked on developing and maintaining applications using .NET technologies.
 - Gained practical experience in C#, ASP.NET, MVC, ADO.NET, and SQL Server.
 - Involved in full software development life cycle: requirement gathering, coding and deployment.
 - Implemented CRUD operations using ASP.NET with jQuery for dynamic interactions.

PROJECTS

- PROJECT 1 : SAHASRA INFINI HOSPITAL

TECHNOLOGIES:-
VB.NET,WINDOW FORM,SQL

Hospital management software includes patient registration and appointment scheduling, doctor and staff management, billing and payment processing, electronic medical records (EMR), pharmacy and inventory control, laboratory test management, and comprehensive reports with analytics.
- PROJECT 2 : SAHASRA HIS GEN-X

TECHNOLOGIES:-
C#, ASP.NET WEB FORM,JQUERY,BOOTSTRAP, ADO.NET

Developed a comprehensive hospital management solution covering multiple modules such as OPD, IPD, Master, Transport, Ward, Laboratory, Pharmacy, CSSD, Reporting, and Doctor Management. The system efficiently manages the complete patient lifecycle, from registration and admission to discharge, including medical records, billing, inventory, and departmental coordination. It streamlines operations for outpatient and inpatient care, transportation services, ward allocation, laboratory tests, pharmacy management, and report generation, ensuring accurate data handling and enhanced hospital workflow.
